# Southside Connections Programme

# Autumn 2017 – Impact & Sustainability

Are we achieving the maximum impact with the available resources?

- Value for money, capacity and the quality of the programme
- Range of the programme i.e. gaps, over provision
- Reviewed the method of delivery of the programme
- Addressing barriers to participation

Sustainability

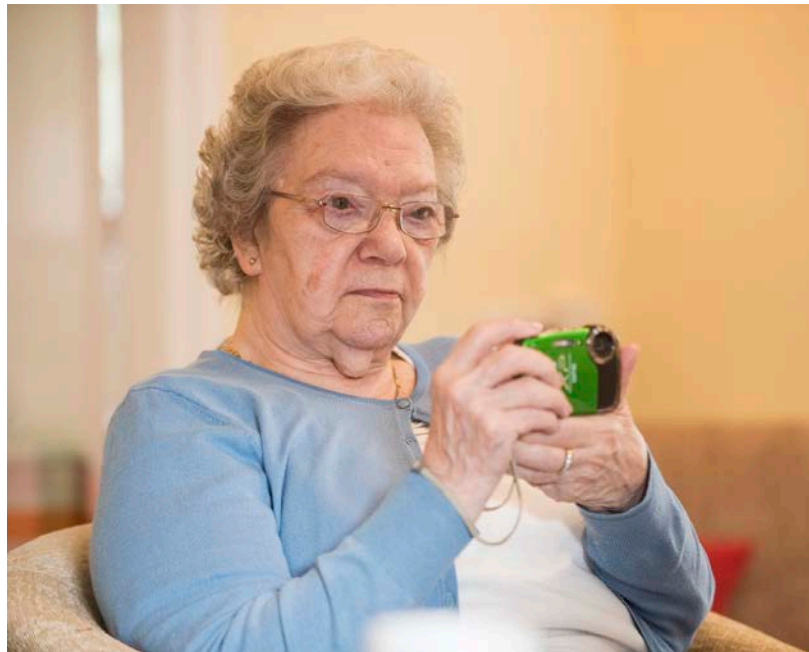

- How resilient is our Southside Connection Programme and community bases?

# Targeting our resources to increase the impact

1. Changed delivery methods
2. Recruiting and upskilling volunteers
3. Supporting local residents and community groups
4. Co-design and co-production of our programme.
5. Strengthen existing partnerships and develop new ones.
6. Developed new ideas and concepts i.e. mapping the potential for loneliness and 'upselling' to maximise impact
